About Rashtriya Raksha University

Rashtriya Raksha University, an Institution of National Importance, is a central university under the aegis of the Ministry of Home Affairs, Government of India, established by the Parliament of India through Act No. 31 of 2020 as a pioneering National Security and Police University of India. The University aims to become an academic-research-training ecosystem for national security and police. Its endeavours focus on highly professional national security, police education, research, and training through its qualified civilian and security faculty, committed human resources, motivated participants, and students, intellectually stimulating and professionally disciplined environment, and worldwide network, sharing, and exchange. It aims at providing security and strategic education in contemporary and futuristic security and strategic studies and interdisciplinary areas. The University contributes to the vision of India of Peace, Prosperous, and Stable World in alliance with grand strategic cooperation between like-minded nations and promoting greater understanding between internal security officers, military and para-military forces, diplomats, civil servants, and civilians to promote the cause of the Nation. It adopts a two-tier approach, at the national and international levels, in its education, research and training, and extension in order to achieve capabilities to respond to the needs, expectations, and aspirations of the security and strategic institutions and forces as well as law-making, governance, judiciary, economy and the civil society organizations.

About the School of Integrated Coastal and Maritime Security Studies (SICMSS)

School of Integrated Coastal and Maritime Security Studies (SICMSS) seeks to make advancements in law, policy, and governance systems affecting coastal and maritime security at national, regional, and international levels. SICMSS aims to become a leading nodal school of excellence in teaching, research, training, and extension activities in the areas of Coastal and Maritime Security and to become a National Think Tank by providing policy-oriented research and filling up the gap of quality research on contemporary issues.

About the Course

An effective internal audit ensures better compliance with any standard. The internal audit being from the same system has the best understanding of the processes and, therefore cannot only contribute towards identifying the grey areas but also address the best practices being followed by different departments, which can be implemented across the organization, thereby contributing to the overall improvement in the system. The course will empower the participants to understand the process of security audit of the port facility for the compliance of ISPS Code by the port facility.
